

To get your child started on your home computer, please follow these easy steps:

1. Go to [IXL.com](https://www.ixl.com)
2. Enter your child's username and password in the upper right corner and click the button to sign in. (Contact the school office for questions regarding username and passwords)
3. Click on Math and select a specific skill to practice from the list of skills. Please refer to your child's assignment tracker for the list of skills they need to work on. You may also find the skill by typing the name of the Assigned Activity into the search and click on the appropriate grade level for practice.
4. Students will earn points on a sliding scale based on their score for each assignment. There will be a total of 50 points for the summer math (5 points each assigned activity). The scale would be as follows:

85 – 100 points	5 points
70 – 84 points	4 points
55 – 69 points	3 points
40 – 54 points	2 points
20 – 39 points	1 point
0 – 19 points	0 points
